Introduction

We welcome you to River Gate High School! We are pleased that you have made the choice to send your child to River Gate High School. River Gate High School will work to ensure that our students are prepared to be successful in life after graduation and beyond. In the pursuit to prepare our students for life after graduation, we must create a productive learning environment with high expectations. All children need to feel safe and secure in an environment that is caring, nurturing and stimulating that develops the whole child emotionally, intellectually, physically, and socially. Teachers will work to build a positive relationship with all students in order to gain trust and respect, ultimately to enhance student learning. Teaching provides an opportunity to get all students actively engaged, participating, and contributing to their own educational process. Teachers will guide students into solving problems as they grow, discover, and experience the world around them. Cooperation, respect for others, and structure are essential to learning. For this reason, the following regulations and guidelines have been set forth in this manual to assist in maintaining a positive learning environment.

Founded in 2000, River Gate High School is committed to preparing students for the 21st Century in a safe and caring environment. We proudly serve students in grades 9 through 12.

Mission Statement

This mission will be served by providing the school's students with an individualized and self-paced program set in a flexible scheduling environment that is responsive to its students' needs, and by providing an educational experience that leads to a high school diploma (not a GED) and post-secondary success. River Gate High School will provide a comprehensive, positive educational experience that will impart to each student the knowledge, desire, and confidence needed to succeed in reaching his/her goals. The School will strive to motivate, teach, and guide each student through his/her educational growth and development. This will be accomplished by emphasizing the development of both cognitive and social skills. River Gate High School offers a safe, secure, clean environment, and researched field-tested educational programs which have proven very successful in educating at-risk students. The program provides the opportunity for parent involvement and Community engagement.

Medical authorities and school educators urge that every child have a complete medical examination before entering school in order that defects, if present, may be corrected and the child be physically ready to accept all the advantages which education has to offer

School Records

Student Records

Confidential student records contain educational information that has restricted access due to the Family Education Rights and Privacy Act (FERPA). The school takes student records and their confidentiality very seriously. The school will not disclose student records to anyone outside of the school, except in cases that we must comply with state and federal laws that authorize the release of such information without consent. The only people that will have access to student records are the school, management and sponsor.

It is the policy of the school not to release any Student Directory Information or any personal information such as names of students' parents or other family members; personal identifiers, such as social security numbers or student identification numbers; a list of personal characteristics or other information which would make the student's identity traceable to outside agencies or requesting parties without the direct written consent of the parent or guardian or as otherwise required by law.

Transfer of Records

Student records are only released to another school upon receiving a signed and dated release of records from that school, signed by the parent/ guardian or as otherwise required by law.

Current Information

When changes in address, telephone, and/or legal custody occur during the school year, parents must notify the school office to ensure student records are up-to-date.

Request for Records

Administration will request student records from the student's previous school upon completion of enrollment. Ohio mandates that the requested records must be received within fourteen (14) days.

Non-Custodial Parent Record Request

Access to records will be in accordance with the Family Educational Rights and Privacy Act of 1974, as pertaining to release of records. Upon request, non-custodial parents shall be entitled to exercise all parental rights to the extent that such rights are not restricted by a legally binding instrument or court order. A "non-custodial parent" refers to the parent who does not have custody of the child, but does have the right to information about the child's education.

If there is a court order concerning legal custody of a child, an Information Regarding Legal Custody Form must be completed and on file in the child's

cumulative record. This form is part of the Enrollment Packet or it can be obtained through the school office.

Emergency Medical Authorizations

Each parent is asked to complete and return to the school an Emergency Medical Authorization Form which will be included in the student's cumulative record folder. This authorization will include the necessary information the school must have should an emergency arise. It is extremely important that this authorization be fully completed and updated.

Re-Enrollment

For those students presently attending the school, re-enrollment starts at the end of February or during the first week of March. Preference for enrollment is given to current students and then to their siblings. Students are not automatically re-enrolled each school year. Community school students must be re-enrolled each school year.

Withdrawal

Parents withdrawing students from the school for any reason should notify the school office and complete a withdrawal form so all records can be put in order for proper transfer. The signed withdrawal form gives official notice of the student's withdrawal. A signed and dated records release must be sent to the school from the receiving school before any records can be sent. Records will be transferred to the new district within 14 days of receipt of the signed authorization. All outstanding fees, academic records or obligations must be met including return of school property.

Attendance

Parents are asked to partner with River Gate High School by making sure that students are in attendance at school as much as possible. Southwest Educational Development Laboratory states, "When schools, families, and community groups work together to support learning, children tend to do better in school, stay in school longer, and like school more." River Gate High School understands that parental involvement makes an enormous impact on student achievement, student's attitudes toward school, and their daily attendance. We realize that the school's strength lies in the hands of its families and the extent to which they become involved in the daily activities of students. There is a very clear and direct

correlation between student achievement and student attendance. Regular attendance and punctuality are essential for success in school and necessary for success later in life. Each student at the school has the responsibility to attend all classes regularly and to be on time.

The required attendance of students shall conform to the minimum standards prescribed by state law. Therefore, absences from school should be only for illness or an emergency. In case of absence from school:

- The parent/guardian must notify the school prior to the beginning of the school day from which his/her child will be absent. Calls are to be made to the school office. Parents who do not call the school will be notified within 120 minutes of the start of School.
- Any student who needs early dismissal must bring a note signed by the parent/guardian. The note must indicate who will pick up the child. Parents or a designated adult will be required to sign the child out in the school office when they leave and then sign in if the student returns for the remainder of the school day;
- All students reporting to school after the school day begins will be considered tardy. Parents or a designated adult will be required to sign the child in when they arrive at school;
- While permission will be given for a dental/doctor appointment during school hours, parents are encouraged to make these appointments for times other than class hours, if at all possible. Every tardy or absence slows the progress of a child's development;
- Both "excused" and "unexcused" absences are counted toward the maximum allowable absences. The distinction is made between "excused" and "unexcused" absences for the purpose of determining whether or not a student may have the opportunity to make-up class work and whether or not disciplinary action is in order; and
- The State of Ohio sets 1/10 of the school year as the allowable absence before a student may be retained in his/her present grade level for absenteeism; this translates to about seventeen (17) days of absences.
- As per state law, a student failing to participate in 72 consecutive hours of learning opportunities without a legitimate excuse must be automatically withdrawn from school.

The term "excused" will refer to any absence from a class based on the following:

- Personal illness;

- Doctor/dental appointment;
- Death of a relative;
- Family emergency;
- Observance of a religious holiday; and/or
- Other emergencies or circumstances deemed by the building principal.

The term “unexcused” will refer to any absence not in the categories of excused absences.

Student Participation in Testing

Federal and state laws require all districts and schools to test all students in specific grades and courses. There is no law that allows a parent or student to opt out of state testing, and there is no state test opt-out procedure form. There may be consequences for the student, the student’s teacher, and the school and district if a parent withdraws a child from participation in certain state tests.

The Ohio Department of Education has provided guidance on the possible consequences for students when they do not take state tests. The informational sheet form ODE may be found at the link below:

<http://education.ohio.gov/getattachment/Topics/Testing/Sections/Resources/Student-participation.pdf.aspx>

Truancy

Ohio School law defines truancy as an absence from school without permission and applies to student between ages six (6) and eighteen (18). The school will follow all notification requirements as included in the Attendance, Truancy, and Automatic Withdrawal policy included in the Board Policy Manual, including all intervention strategies. If subsequent unexcused absences occur, the School may, and in some circumstances is required to, send documentation to the appropriate reporting agency.

Illness

Students should not attend school if they have a fever, rash, flu, lice or have vomited during the night, in order to help decrease the spread of illness to others. If your child is ill, please keep him/her at home. Students should not return to school until a 24-hour period has elapsed with a normal temperature. Your cooperation in the communicable disease program will be greatly appreciated. In the event your

child becomes ill at school, every attempt will be made to contact persons named on the Emergency Contact Form.

Health Clinic

When available, the school nurse or health aide handles all first aid through the Health Clinic, otherwise first aid issues will be handled by other school personnel. All students are required to have an Emergency Authorization Form on file at the school. These forms will be used in case there is a medical emergency or an illness.

Vision, Hearing, and Scoliosis Screening

Vision, hearing, and scoliosis screening for the students will be conducted in accordance with state guidelines. The school nurse will notify the parent/guardian of the results. Any conditions discovered that may impede the student's health or school progress will be brought to the parent's/guardian's attention by the school nurse.

Dispensing Medication

For students who have a physical condition that requires medication, the following applies:

- A Medication Authorization Form must be completed and signed by both the parent/guardian and the student's physician.
- The medication must be brought to the school by a parent/guardian. Students are not permitted to transport medication on the bus or bring medication to the school on their own.
- For over-the-counter medication, the parent/guardian and physician must sign the permission form;
- The school does not provide any type of medication.
- All medication must be brought to the school in the original container with the pharmacy label on it which includes the child's name, physician's name, current date, pharmacy name and phone number, name of medication, prescribed dosage, special handling and storage.
- All medication is kept in a locked cabinet in the health clinic.

Asthma Inhalers and Other Prescription Medication

Parents of students with allergies are required to notify the school in writing of any known allergies at the beginning of each school year or upon learning of such allergy if the school year has already begun.

Per Ohio Revised Code Section 3313.716 students are permitted to possess and use a metered dose or dry powder asthma inhaler to alleviate or prevent asthmatic symptoms at the School.

Per Ohio Revised Code Section 3313.718(B) and 3314.03(A)(11)(d) students are permitted to carry and use an epinephrine auto-injector to treat anaphylaxis (an intense allergic reaction). In order for a student to properly possess or use an epinephrine auto-injector at the school, written approval from the student's physician and parent must be signed and received by the school.

For medications other than asthma inhalers and epinephrine auto-injectors, written approval by the student's physician must include all information as detailed herein below or as indicated on the Food Allergy Action Plan, if applicable. If a student has a serious food allergy, the parent must complete a Food Allergy Action Plan.

“Written Approval” must include the following information:

1. The name and address of the student;
2. The name of the school;
3. The name of the medication and the dosage to be administered;
4. The times or intervals at which each dosage of the medication is to be administered;
5. The date the administration of the medication is to begin;
6. The date the administration of the medication is to cease (if applicable);
7. Acknowledgement that the physician has determined that the student is capable of possessing and using the inhaler or auto injector appropriately and has provided the student with training in the proper use;
8. Any severe adverse reactions that should be reported to the physician and one or more phone numbers at which the physician can be reached in an emergency;
9. Instructions outlining procedures to follow if the medication does not provide adequate relief;
10. A list of adverse reactions that may occur to an individual for whom the medication was not intended who uses the medication;
11. At least one emergency telephone number for contacting the physician and one number for contacting the parent/guardian
12. And any other special instructions.

Trained school staff may administer epinephrine in an emergency situation, in accordance with the Written Approval and/or the student's Food Allergy Action Plan when emergency medical service providers are not immediately available and the exigency of the circumstance require immediate action. School staff will

immediately request assistance from an emergency medical service provider whenever a student is administered epinephrine at the school or at an activity, event, or program sponsored by the school. This request for medical assistance applies whether the student self-administers the medication or a school staff member administers it to the student.

Parent's with students needing diabetes care should refer to the Board Policy Manual for additional information.

Homework

Please refer to your child's teacher(s) for their specific homework policy.

Absences/Homework

When an excused absence occurs, students are responsible for making up the assignments that are missed. The teacher will assign make-up work and set the date for completion, which shall be the same number of days as the corresponding absence.

In the event of a planned excused absence, the school must be provided advanced notice in order for teachers to provide class assignments. Students must return completed assignments upon returning to school.

It is strongly suggested that absences not occur during the state assessment week(s). Please refer to the school calendar for testing dates.

Progress Reports

Communication between the school and parents establishes an environment of learning beyond the school walls. To keep parents/guardians informed on an on-going basis, the teacher will send home Progress Reports. Parents should anticipate receiving this communication. Please note, the teacher may indicate a desire to have the parent sign and return this form.

Report Cards

Report Cards will be distributed on a quarterly basis. Please refer to the school's calendar which outlines the end of each grading period. Report cards will be distributed to parents/guardians at the end of each grading period. Copies of all report cards are retained in the student's cumulative file in a locked storage cabinet.

Parent-Teacher Conferences

We welcome the opportunity to meet and speak with parents/guardians regarding their students' academic progress. Parent-teacher conferences will be conducted at least once a year. Consult the school year calendar for these dates. Once a date and time have been arranged, please contact your child's teacher if a change is necessary. Upon request, a conference can be held outside the school's scheduled conferences at any given time.

Early School Dismissal

Occasionally, weather conditions or other building emergencies may arise that necessitate sending students home earlier than the regular dismissal time. The school will make every effort to contact the parents under these conditions.

Cars/Parking/Buses

At the beginning of the school year the school personnel will provide arrival and dismissal procedures, proper traffic flow, parking, and busing information.

Behavior Guidelines

Student behavior and discipline have been identified as problems that must be addressed across the country within schools. Student behavior and discipline within a school can add to a poor culture/ environment ultimately leading to poor student academic achievement. Therefore, Dr. William Glasser's Choice Theory and our Scientific Art of Developing the Whole Child provide the basis for a positive school culture and climate at River Gate High School.

The Choice Theory outlines that almost all human behavior is chosen and that we are driven by our needs for survival, love and belonging, power, freedom and fun. Staff and students will utilize Choice Theory in making daily decisions. River Gate High School believes that students must feel a sense of love and belonging to be successful and excel. All stakeholders will learn the Seven Caring Habits of supporting, encouraging, listening, accepting, trusting, respecting and negotiating differences, as opposed to the Seven Deadly Habits of criticizing, blaming, complaining, nagging, threatening, punishing and bribing/rewarding to control. We believe that students' internal well-being will be inspired once they discover that the only behavior they can control is their own which enhances a love for learning and ultimately good behavior.

Code of Conduct

River Gate High School seeks to maintain a positive learning environment where students can flourish and excel. Therefore, when inappropriate student behavior disrupts our school, students may be denied participation in the educational environment for a period of time. Our expectations will be communicated so students know what is expected at all times. Students may be suspended or expelled for any violation of the code of conduct.

Corporal punishment is not permitted. No employee shall threaten, inflict, or cause to inflict unreasonable, irrational, or inappropriate force upon a student.

The rules of the Student Code of Conduct apply to any conduct:

- On school grounds during the school day or immediately before or after school hours;
- On school grounds at any other time when the school is being used by a school group;
- On or off school grounds at any school activity, function, or event; and
- Traveling to and from school, including actions on any school bus, van, or public conveyance.

If a Violation of the Code of Conduct occurs, appropriate interventions and/or discipline measures may be imposed up to and included suspensions and/or expulsions from the School for offenses that include but are not limited to the following:

- 1) Fighting/Violence
- 2) Use, Possession, Sale or Distribution of Tobacco Products

*Students may not be suspended or expelled for truancy.

**Suspension, Expulsion, Emergency Removal,
Permanent Removal,
Due Process Rights**

The school recognizes that exclusion from the educational program is a serious sanction and that suspension and expulsion must follow due process mandates. Additionally, the school will comply with all state and federal law pertaining to students with disabilities.

A student may be disciplined for any violation of the student code of conduct, even if the violation occurs on property not owned or controlled by the school if the violation took place during activities connected with the school or if the behavior is directed at a school official.

Any student suspended or expelled under this policy will not be permitted to participate in any extracurricular activities.

Suspension:

The principal or designee may suspend a student from the school for not more than ten school days. If at the time a suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the principal may require the student to participate in a community service program or another alternative program for a number of hours equal to the remaining suspension period. The student shall be required to begin the program during the first full week day of the summer break. A principal may not apply the remaining suspension period to the following year.

Except in the case of a student given an in-school suspension, no student shall be suspended unless prior to the suspension the principal does both of the following:

- (1) The principal shall give the student written notice of the intention to suspend the student and the reasons for the intended suspension and notice of the student's right to appear at an informal hearing before the principal to challenge the reason for the intended suspension or otherwise to explain the student's actions.
- (2) Provide the student an opportunity to appear at an informal hearing before the principal and challenge the reason for the intended suspension or otherwise to explain the student's actions.

The School shall provide students an opportunity to complete any classroom assignments missed because of an in-school or out-of-school suspension. Students shall be entitled to receive at least partial credit for a completed assignment; however, reasonable grade reduction may be made on

account of a student's suspension. The School shall not assess a failing grade for a completed assignment solely on account of the student's suspension.

Expulsion:

The superintendent may expel a student from the School for a period not to exceed the greater of eighty school days or the number of school days remaining in the semester or term in which the incident that gives rise to the expulsion takes place. If at the time an expulsion is imposed, there are fewer than eighty school days remaining in the school year in which the incident that gives rise to the expulsion takes place, the superintendent may apply any remaining part or all of the period of the expulsion to the following school year. No student shall be expelled under this policy unless, prior to the student's expulsion, the superintendent does both of the following:

- (1) Gives the student and the student's parent, guardian, or custodian written notice of the intention to expel the student;
- (2) Provides the student and the student's parent, guardian, custodian, or representative an opportunity to appear in person before the superintendent or superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the student's actions. The notice required under this section shall include the reasons for the intended expulsion, notification of the opportunity of the student and the student's parent, guardian, custodian, or representative to appear before the superintendent or superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the student's action, and notification of the time and place to appear. The time to appear shall not be earlier than three nor later than five school days after the notice is given, unless the superintendent grants an extension of time at the request of the student or the student's parent, guardian, custodian, or representative. If an extension is granted after giving the original notice, the superintendent shall notify the student and the student's parent, guardian, custodian, or representative of the new time and place to appear.

Unless a student is permanently excluded, the Superintendent shall expel a pupil for a period of one year for bringing a firearm to the School, to an extracurricular event, or onto any other property controlled by the Governing Authority Board of Directors of the School or an extracurricular event. "Firearm" has the same meaning provided in the "Gun-Free Schools Act," a "firearm means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projective by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device, which includes a bomb grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or similar device. This definition would also include any weapon that will, or that may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has a barrel with a bore of more

than one half inch diameter. The term does not include an antique firearm. The Superintendent may reduce the expulsion time on a case by case basis based upon the student's overall record at the School.

Permanent Exclusion

A student may be permanently excluded from attending any school in the state if the student is convicted of, or adjudicated a delinquent child for, committing an act that would be a criminal offense if committed by an adult, when the student was sixteen years of age or older if the act is one of the following:

- Illegal conveyance or possession of deadly weapon or dangerous ordnance or of object indistinguishable from firearm in school safety zone in violation of R.C. 2923.11.
- Carrying a concealed weapon, trafficking in drugs or possession of controlled substances, if the violation was committed on property owned or controlled by the school or at a school activity in violation of R.C. 2923.12, R.C. 2925.03, and/or R.C. 2925.11.
- Aggravated murder, murder, voluntary manslaughter, involuntary manslaughter, felonious assault, aggravated assault, rape, gross sexual imposition, or felonious sexual penetration in violation of R.C. 2903.01, R.C. 2923.02, R.C. 2903.03, R.C. 2903.04, R.C. 2903.11, R.C. 2903.12, R.C. 2907.02, R.C. 2907.05, and/or the former section R.C. 2907.12 if the violation was committed on property owned or controlled by the school or a school activity if the victim at the time of the commission of the act was an employed at the school.
- Complicity in any of the above violations regardless of whether the act of complicity was committed on property owned or controlled by, or at an activity held under the auspices of, the school.

If the superintendent of the school obtains or receives proof that a student has been convicted of committing or adjudicated a delinquent child for the commission when the student was sixteen years of age or older of one or more of the above, the superintendent may issue to the school's governing authority a request that the student be permanently excluded from public school attendance in Ohio, if both of the following apply:

(1) After obtaining or receiving proof of the conviction or adjudication, the superintendent or the superintendent's designee determines that the student's continued attendance in school may endanger the health and safety of other students or school employees and gives the student and the student's parent, guardian, or custodian written notice that the superintendent intends to recommend that the governing authority adopt a resolution requesting the superintendent of public instruction to permanently exclude the student from public school attendance.

(2) The superintendent or the superintendent's designee forwards to the governing authority the superintendent's written recommendation that includes the determinations the superintendent or designee made pursuant to this policy and a copy of the proof the superintendent received showing that the student has been convicted of or adjudicated a delinquent child for a violation listed in this section that was committed when the student was sixteen years of age or older.

The School shall follow all requirements for permanent exclusion as described by ORC 3313.66, including providing notice of the possibility of permanent exclusion with each suspension and expulsion notice.

Emergency Removal:

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the School premises, the superintendent or principal may remove a student from curricular activities or from the School premises without the notice and hearing requirements of this policy. A teacher may remove a student from curricular activities under the teacher's supervision, without the notice and hearing requirements. As soon as practicable after making such a removal, the teacher shall submit in writing to the principal the reasons for such removal

If a student is removed under this Emergency Removal section from a curricular activity or from the school premises, written notice of the hearing and of the reason for the removal shall be given to the pupil as soon as practicable prior to the hearing, which shall be held on the next school day after the initial removal is ordered. The hearing shall be held in accordance with suspension provisions of this policy unless it is probable that the student may be subject to expulsion, in which case a hearing in accordance with the expulsion provisions of this policy shall be held, except that the hearing shall be held on the next school day after the date of the initial removal. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

Right to Appeal to Board:

Within one school day after the time of a student's expulsion or suspension, the superintendent or principal shall notify in writing the parent, guardian, or custodian of the student of the expulsion or suspension. In the case of an expulsion, the superintendent or principal, within one school day after the time of a pupil's expulsion, also shall notify in writing the school's Board of Directors.

Each notice shall include the following:

- (1) reasons for the expulsion or suspension and notification;
- (2) the right of the student or the student's parent, guardian, or custodian to appeal the expulsion or suspension to the Board of Directors of the School or to its designee;
- (3) the right to be represented in all appeal proceedings;
- (4) the right to be granted a hearing before the Board of Directors of the School or its designee in order to be heard against the suspension or expulsion;
- (5) the right to request that the hearing be held in executive session;
- (6) Permanent exclusion notice, if applicable;
- (7) the manner and date by which the student or the student's parent, guardian, or custodian shall notify the board of the intent to appeal the expulsion or suspension to the board or its designee.

If the superintendent expels a student under this section for more than twenty school days or, for any period of time, if the expulsion will extend into the following semester or school year, the notice shall provide the student and the student's parent, guardian, or custodian with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion. The information shall include the names, addresses, and phone numbers of the appropriate public and private agencies.

If the student or the student's parent, guardian, or custodian intends to appeal the expulsion or suspension to the Board of Directors of the School or its designee, the student or the student's parent, guardian, or custodian shall notify the Board of Directors of the School in the manner and by the date specified in the notice. The student or the student's parent, guardian, or custodian may be represented in all appeal proceedings and shall be granted a hearing before the Board of Directors of the School or its designee in order to be heard against the suspension or expulsion. At the request of the student or of the student's parent, guardian, custodian, or attorney, the Board of Directors of the School or its designee may hold the hearing in executive session but shall act upon the suspension or expulsion only at a public meeting. The Board of Directors of the School, by a majority vote of its full membership or by the action of its designee, may affirm the order of suspension or expulsion, reinstate the student, or otherwise reverse, vacate, or modify the order of suspension or expulsion.

The Board of Directors of the School or its designee shall make a verbatim record of hearings held under this division. The decisions of the Board of Directors of the School or its designee may be appealed under Chapter 2506 of the Ohio Revised Code.

This policy shall not be construed to require notice and hearing in the case of normal disciplinary procedures in which a student is removed from a curricular activity for a period of less than one school day and is not subject to suspension or expulsion.

For purposes of this policy, the Board of Directors of the School appoints the Operator as its designee.

Discipline for Students with Disabilities

Consistent with this policy, to the extent the principal may order removal of a student without disabilities, the principal may remove a student with a disability, but not for more than ten (10) school days.

After a child with a disability has been removed from the child's current placement for ten school days in the same school year, during any subsequent days of removal, the school district must provide services.

If a child is removed for a period of time exceeding ten school days and the behavior was not determined to be a manifestation of the disability, the student must continue to receive educational services and receive a functional behavioral assessment and behavioral intervention services.

Change in Placement

The School will notify the parent of the removal decision that constitutes a change in placement for a student with a disability and provide the parent with a copy of the notice of procedural safeguards on the same day as the date of the removal decision.

A change in placement will occur when

- a removal is for more than ten (10) consecutive school days; or
- a series of removals constitute a pattern because:
 - the removals cumulate to more than ten (10) school days in a school year,
 - the behavior of the student is substantially similar to prior incidents, and
 - other factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

Manifestation Determination

Within ten school days of any decision to change the placement of a child with a disability due to a violation of the code of student conduct, the School, parent, and relevant members of the IEP team must review all relevant information in the student's file to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability or
2. If the conduct was a direct result of the School's failure to implement the IEP.

If either of these two conditions are found to exist, the conduct must be determined to be a manifestation of the disability.

If the IEP team and other qualified personnel determine that the student's behavior was not related to the disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities.

If the IEP team determines that the student's behavior was a manifestation of the disability, the school must either:

1. Conduct a functional behavioral assessment or,
2. If the behavioral plan has already been developed, review the behavioral intervention plan and the implementation plan and modify them if necessary.

- a. The child must return to the placement from which the child was removed, unless the parent and the School agree to a change of placement as part of the modification of the behavioral intervention plan.

school personnel may remove a student to an interim alternative educational setting for not more than forty-five school days without regard to whether the behavior is a manifestation of the disability if the student:

1. Carries a weapon to or possesses a weapon at School, on school premises, or to a school function;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at School, on school premises, or at a school function; or
3. Has inflicted serious bodily injury upon another while at School, on school premises, or at a school function.

Students removed under this section must continue to receive services and receive a functional behavioral assessment and behavioral intervention services.

Appeals

If a parent disagrees with any decision regarding placement or the manifestation determination decision made by the IEP team, the parent may request a hearing. Whenever a hearing is requested, the School will comply with the procedures for an expedited due process hearing.

Dress Code

Our students must be prepared to enter a competitive society therefore; Student dress code is an important part of the school's program and philosophy. In making the choice to attend River Gate High School, the student (with parent support) agrees to follow all dress code requirements. The dress code is not an option for the student.

The principal, at his/her discretion, may have "dress-down" day when students and staff may dress down (in reasonable fashion).

The student attire should be safe and not detract from the educational environment. Students' attire should reflect respect for self, others, and the educational environment.

The following are some examples of inappropriate attire:

- Clothing that does not cover undergarments. Undergarments should never be exposed.

- No sagging pants. All pants should be worn with the waistband fitted around the waist. Pulling pants down far below the waist is prohibited.
- No short shorts, skirts, and dresses are not permitted. Garments must be closer to the knee than the bottom of the hip. Skirts that ride up are prohibited.
- No Hats or du rags are permitted in the building. This includes bandannas, kerchiefs, etc.
- No Flip flops or slides.
- Clothing that exposes the midriff, or any area in excess is not acceptable. Prohibited clothing would include tank tops, halters, shirts with an inappropriate neckline, formfitting / skin tight tops, sheer tops that expose under-garments or cleavage, pants that expose undergarments.
- No clothing and insignias relating to gang membership are not acceptable.
- No Patches, symbols, writings which “literally” or by implications are obscene or are such as to shock or affront the standards of common decency or propriety have no place in school and are not permitted. This guideline refers to “T-shirt” imprints that include “double meanings” relating to drugs, alcohol, and sexual behavior; hate groups / symbols or anything that could be considered improper by public standards.

The school administration reserves the right to determine dress code standards.

Students are expected to comply with teacher requests to modify their attire so that they are in compliance with these guidelines. Parents/guardians will be called if necessary.

Bullying & Aggressive Behaviors

River Gate High School is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board of Directors and the school encourage the promotion of positive interpersonal relations between members of the school community. Aggressive behavior toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The Board of Directors and school will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the school, including activities on school property and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as

field trips or athletic events where students are under the school's control, or where an employee is engaged in school business.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. Aggressive behavior includes, but is not limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Any student who believes s/he has been or is the victim of aggressive behavior should immediately report the situation to the principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the principal or Board of Director's official. Complaints against the principal should be filed with the Board of Director's President.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports may be made to the people identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. If the investigation finds an instance of aggressive behavior has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board of Directors members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and will be dealt with appropriately. Suspected retaliation should be reported in the same manner as aggressive behavior as outlined above.

This guideline includes all incidences of bullying, whether physical, verbal or psychological. Additionally, any form of harassment or bullying that includes the use of information and communication technologies such as email, cell phone,

paggers, text or instant messaging, or defamatory web sites, also known as “cyberbullying,” falls under the auspices of this guideline.

For additional information regarding bullying or aggressive behavior, refer to the Board of Directors Anti-Harassment, Intimidation, and Bullying Policy in the Board Policy Manual.

Weapons

River Gate High School prohibits students from possessing, storing, making, or using a weapon, including a concealed weapon. This policy applies to all activities in the school, including activities on school property and those occurring off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business.

A weapon is defined as “any instrument capable or appearing to be capable of causing serious bodily injury to a person” and which is intended to be used, or is represented, as capable of inflicting serious bodily harm or property damage as well as endangering the health and safety of others. Weapons include and are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), pellet guns, bb guns, inoperable replica firearms, and other “look alike” weapons, knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

No student or person working or volunteering at the school at any time, for any reason shall possess, handle, transmit, or use any object, which can be reasonably considered a weapon or considered a “look alike” weapon in or on property of the school, school bus, or any school-sponsored activity held away from the school property, except an authorized school security officer.

The principal will refer any student who violates this policy to the student's parents or guardians and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action, up to and including expulsion

Drug-Free

In accordance with federal law, the school prohibits the use, possession, concealment, or distribution of drugs by students on the school grounds, in the school building, on school buses, or at any school related event. Drugs include any alcoholic beverage, anabolic steroid, and dangerous controlled substance as defined by state or federal statute, or any substance that could be considered a “look alike” controlled substance. Compliance with this school policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action,

in accordance with due process and as specified in the Student Code of Conduct, up to and including expulsion from the school. When required by state law, the school will also notify law enforcement officials.

Reporting Child Abuse/Neglect

The school will follow Ohio Revised Code 2151.421 and 3319.073 and the Child Abuse or Neglect Reporting Policy in the Board Policy Manual in reporting child abuse and neglect.

Wellness Program

Healthy eating patterns are essential for students to achieve their full academic potential, build physical and mental growth and lifelong health and well-being. With the passing of the Child Nutrition and Women, Infants, and Children (WIC) Reauthorization Act of 2004 by Congress, the River Gate High School recognizes the role it can play in building nutrition knowledge and skills in children to promote healthy eating and physical activity choices. The school's objectives are to improve the school nutrition environment, promote student health, and reduce childhood obesity. Additional information can be found in the Wellness Policy in the Board Policy Manual

Breakfast/Lunch

Families needing assistance may apply for free or reduced lunch fees through the school office. Information for the free and reduced breakfast/lunch program is sent home early in the school year or the forms are available in the school office. Menus for both breakfast and lunch are sent home monthly. Breakfast and lunch are available daily for students who wish to purchase them. Students may bring their lunch if they wish. No carbonated beverages and candy are permitted.

Money

All money turned into the school should be in an envelope marked with the student's name, grade, amount, and purpose. Students are not to bring unnecessary money to school.

Child Find

The school is participating in an effort to assist the State of Ohio in identifying, locating, and evaluating all children from birth through 21 years of age who may have disabilities. If you have or know of a child who may have a disability, contact the school for more information and help. The school will ask for information about the nature of the child's disability, specific steps taken to address the disability, and what background or testing information is available regarding the child's disability.

If you or someone you know has a child who needs assistance specifically related to a disability, you may contact the school's principal.

Telephones

Parents are requested not to call the school for the delivery of messages to children, except in cases of emergency.

Cell Phones

It is understood that some parents choose to send students to school with a cell phone for security reasons. Students are NOT permitted to possess cell phones during instructional hours. Cell phones are to be turned in to the front office upon arrival to school. At that time, the phone will be labeled and locked in the school office. Cell phones will be returned to students before they leave at the end of each day. If a student is found with a cell phone during the school day, it will be taken and returned only to the parent if deemed prudent to do so by the building administrator.

Please Note: The school is not responsible for the cost or replacement of lost, damaged or stolen cell phones that are brought to the school whether confiscated by the school or in the student's possession.

Personal Items Brought to School

To avoid disruption of the educational process, students are not allowed to bring personal items to school. Such articles will be taken and returned only to the parent/guardian. Except for approved fundraisers, students are not permitted to sell or trade anything among themselves at school, on the school grounds or on the bus.

Please Note: The school is not responsible for replacement of lost, damaged or stolen items brought to school.

Stolen Items

The school will attempt to retrieve stolen items for students and be prudent in helping to prevent theft among the students. The school is not responsible for stolen personal items, including cell phones.

Textbooks

Students are expected to take care of and are responsible for the textbooks assigned during the school year. A replacement fee will be charged for lost or damaged books. The student's academic records will not be released until payment of the replacement fee is settled.

Curriculum

The knowledge and skills defined in the Ohio Learning Standards are within reach of all of our students. The school's educational program and curriculum will directly correlate with Ohio's New Learning Standards. The standards, benchmarks, and learning level indicators will reflect what students know and are able to demonstrate as a result of the River Gate High School's academic program. Students, however, develop at different rates. All students learn and experience success given time, a nurturing environment, and high expectations, but the degree to which the standards are met and the time it takes to reach the standards will vary from student to student. River Gate High School will use Ohio's New Learning Standards as a rubric for daily instruction. Learning Standards will provide the base of a student-centered curriculum that is designed to meet the needs of each student every day. The student's academic and social skills development will be facilitated through a variety of programs.

Assessment

Student assessment and data-driven decision making are core values of River Gate High School. Assessment is the avenue by which staff can identify, measure, and ensure students are mastering the Standards and making academic progress. At the beginning of the school year and throughout, a battery of assessment instruments will be administered to students.

Intervention

Intervention is supplemental instruction based on student needs, designed to provide remediation, reinforcement, enrichment, or support for pupil learning relative to specified pupil performance objectives.

Technology and Internet Safety Policy

The use of technology is a privilege and an important part of the school's overall curriculum. The school will, from time to time, make determinations on whether specific uses of technology are consistent with school policies for students and employees of the school but does not warrant that the technology resources will meet any specific requirements of the student or other users, or that it will be error free or uninterrupted. The school always reserves the right to monitor and log technology use, to monitor file server space utilization by users, and examine

specific network usage (as may be deemed necessary) for maintenance, safety or security of the technology resources or the safety of the user.

The School has filters in place on each computer provided to students for instructional use. The filters prevent potentially inappropriate websites from students which protects against internet access to materials that are obscene or harmful to juveniles.

By signing the Parent/Student Contract Page at the end of the Parent/Student Handbook, the parent and student agree:

- To abide by all school policies relating to the use of technology; including the Board of Directors Technology and Internet Safety Policy;
- To release all school employees from any and all claims of any nature arising from the use or inability to use the technology;
- That the use of technology is a privilege; and
- That use of the technology will be monitored and there is no expectation of privacy whatsoever in any use of the technology.

The parent/student further agrees and understands that the user may have his/her privileges revoked or other disciplinary actions taken against them for actions and/or misuse such as, but not limited to, the following:

- Altering system technology, including but not limited to, software or hardware;
- Placing unauthorized information, computer viruses or harmful programs on or through the computer system in either public or private files or messages;
- Obtaining, viewing, downloading, transmitting, disseminating or otherwise gaining access to or disclosing materials the school believes may be unlawful, obscene, pornographic, abusive, or otherwise objectionable.
- Using technology resources for commercial, political, or other unauthorized purposes. The school technology resources are intended only for educational use;
- Intentionally seeking information on, obtaining copies of, or modifying files, other data, or passwords belonging to other users;
- Disrupting technology through abuse of the technology, including but not limited to, hardware or software;
- Malicious uses of technology through hate mail, harassment, profanity, vulgar statements, or discriminating remarks;
- Interfering with others' use of technology;
- Installation of software without consent of the school;
- Allowing anyone else to use an account other than the account holder; and
- Other unlawful or inappropriate behavior;

The user also acknowledges and agrees that he/she is solely responsible for the use of his/her accounts, passwords, and/or access privileges, and that

misuse of such may result in appropriate disciplinary actions (including but not limited to suspension or expulsion), loss of access privileges, and/or appropriate legal action.

The user must also know and further agrees that:

- Should the user transfer a file, shareware, or software that infects the technology resources with a virus and causes damage, the user will be liable for any and all repair costs;
- The user will be liable to pay the cost or fee of any file, shareware, or software transferred or downloaded, whether intentional or accidental;
- Should the user intentionally destroy information or equipment that causes damage to technology resources, the user(s) will be liable for any and all costs; and
- Violation of this Internet Safety Policy is also a violation of the School Code of Conduct and may result in other scholastic disciplinary action, other than those specifically set forth above, including but not limited to suspension or expulsion.

Definitions

Children’s Internet Protection Act (CIPA) defines the above referenced terms as follows: A minor is anyone under the age of 17.

“Technology Protection Measure” means a specific technology that blocks or filters Internet access to visual depictions that are:

1. Obscene, as that term is defined in Section 1460 of Title 18, United States Code;
2. Child Pornography, as that term is defined in section 1226 of title 18, United States Code; or
3. “Harmful to minors,” meaning any picture, image, graphic image file or other visual depiction that:
 - a) Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex or excretion;
 - b) Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - c) Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

“Sexual act” and “sexual contact” have the meanings given such terms in Section 2246 of Title 18, United States Code.

Emergency School Closings

Should it be necessary to close the school for weather or other emergency situations, information will be communicated over radio and television stations. Typically, if

the city school district is closed in which the school is located, the school will also close, however, this is not always the case. Consequently, parents are asked to monitor their television or radio to be certain.

Safety

The school will conduct safety, severe weather and evacuation drills that comply with all federal, state and local laws, statutes and ordinances concerning safety. Each student is responsible for conducting himself/herself with safety in mind whether it is within the school building, on the playground, and/or on a school bus. Discussion of safety standards will be reviewed within each classroom throughout the year.

Gangs

The school prohibits students from engaging in gang activities while at school, on school property, to or from school, or at school-related functions and events.

The term “gang” is defined as any non-school sponsored group of students with secret and/or exclusive membership, whose purposes or practices include unlawful or anti-social behavior as well as actions that threaten the welfare of others.

The term “gang activity” is defined as any conduct engaged in by a student:

- On behalf of a gang;
- To perpetrate the existence of a gang;
- To effect or promote the common purpose and design of any gang, including the wearing of apparel, jewelry, or symbols;
- To recruit for membership in a gang;
- To threaten or intimidate by use of gang affiliation; or
- To represent a gang affiliation, loyalty or membership in any way while on school grounds or while attending a school function.

Any student who violates this policy will be subject to disciplinary action, up to and including expulsion from school and may further be subject to criminal prosecution.

Security

The school has and does provide a safe and clean environment. However, due to increasing violence throughout the nation, the school is taking precautions to protect students, teachers, and staff. The building doors are locked during the school day. Entrance to the building is by office permission only. Closed circuit cameras cover all entrances and are placed at strategic locations throughout the building. A police/security guard may also enhance school security.

Visitors

Visitors are required to report to the school office prior to their visit to a classroom or to other parts of the building. All visitors must sign in upon arrival, sign out before leaving the building, and wear a visitor's identification badge while in the building. Visitors are not to approach students and should be escorted by a staff member at all times while in the building. Visitors are asked not to attempt a parent-teacher conference while students are in the classroom.

Parental Concerns

Parents who wish to express concerns should contact the principal. Classroom issues should be initially addressed with the classroom teacher through a scheduled appointment. If a meeting is scheduled to discuss the concern, persons in attendance must conduct themselves civilly. It is expected that concerns will be expressed in a professional manner. Disruptive or threatening behavior may result in an action to protect school personnel, such as reporting the incident to the police and/or prohibiting the parent or guardian from entering school property at any time.

Parent Involvement and Volunteer Program

We involve parents/guardians and families in their children's education. Research indicates that parent involvement makes an impact on students' attitudes, attendance, and academic achievement. Parents/guardians and members of the community are encouraged to volunteer within the school. Parent involvement and involved families are essential to a child's success. For additional information, refer to the Parent Involvement Policy in the Board Policy Manual.

Please note: To be considered as a volunteer, you may be required to obtain a BCI/FBI check with no disqualifying offenses and TB test prior to working with students or attending field trips. If there is no background check on file, then each volunteer will be supervised by a staff member at all times.

The Title I program is a means to foster and enhance parent-involvement in the school. The goal is to involve parents in their children's learning and to form an open line of communication between school and home. This will be accomplished through the following practices:

1. Information - Parents are informed about school activities and events through interim progress reports, report cards, notes sent home, parent newsletters, parent/teacher conferences and informal personal and telephone conferences.

2. Annual Title I Meeting - Parents have an opportunity to review Title I programs and provide input into the planning process during the annual Title I meeting held at the school during flexible dates and times. Additionally, parents' rights and Title I requirements will be discussed.
3. Open Door Policy - Parents are invited to come to the school to observe the education of their children on any day.
4. Volunteer Program - All parents are invited to volunteer in the school on any given day of the week.
5. Curriculum – The school provides a high-quality curriculum to enable students to meet high standards, and prepare for the state graduation exam. The school shares these results with parents and provides an explanation of the results to parents during the course of the school year.

Student Photographs – Picture Day

School pictures will be taken in the fall of each school year. Parent will be offered a package of individual and class photographs through the photography company. All students will be photographed whether or not a package is purchased. Information will be sent home prior to the actual picture day.

Yearbooks

Yearbooks are offered through the school on a yearly basis. The school will attempt to keep the cost at a minimum. Advance payment is required. The yearbooks will be available for distribution near the end of the school year.

Lost and Found

In line with teaching students' responsibility, articles brought to school by the students are the student's responsibility. Many items of clothing find their way into the lost and found containers. If your child is missing any article of clothing, have your child check the lost and found area. At the end of the school year, all unclaimed articles will be taken to a local charitable organization.

Field Trips

Students will actively explore real world problems and challenges through Project Based Learning. River Gate High School believes that by entrenching instruction into real world, project-based experiences, students will be able to learn more efficiently than with a typical instructional approach which divides students' days

by core content. Field trips may be conducted throughout the school year and correlated with their project-based learning. Parental permission slips are required for a student to participate. Without a signed and dated permission slip, the student will not be able to participate in the field trip. In addition, an Emergency Medical Authorization Form must be on file at the school before a student may participate. Teachers may request parents/guardians to assist in organizing and chaperoning field trips.

Please note: To be considered as a volunteer, you may be required to obtain a BCI/FBI check with no disqualifying offenses and TB test prior to working with students or attending field trips. If there is no background check on file, then each volunteer will be supervised by a staff member at all times.

Classroom Parties

Parties may be scheduled for special holidays and/or special occasions. The classroom teacher will coordinate and communicate dates, times and procedures for such events. Each classroom teacher will establish a party policy for their individual classroom. Parental request for parties will be approved or denied by the classroom teacher. Any request for a child not to participate in any/all such parties or activities should be in writing and forwarded to the teacher ahead of time. All such requests will be honored.

Supplies

A tentative list of needed supplies is available at the time of registration or at the beginning of the school year. An updated list for each grade will be sent or given to the parent/guardian at the parent orientation meeting prior to the opening of the school.

Desks, Lockers, and Other Personal Storage Areas

All lockers, desks, and other storage areas provided to the student for use remain the property of the school. Students should not expect privacy regarding any items on school property. Periodic general inspections of school property may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant. A student's person and/or personal effects (e.g., purse, book bag, etc.) may be searched whenever a school official has reasonable suspicion to believe that the student is in possession of illegal or unauthorized materials. If a search yields illegal or contraband materials, such findings may be turned over to proper legal authorities for ultimate disposition. For additional information regarding searches, refer to the Search Policy in the Board Policy Manual.

Parents' Right to Know Teacher Qualifications

Parents may request the following regarding their child's teacher(s):

- Licensure and certification information
- Emergency or provisional teaching certificate
- Educational background
- Qualifications of Instructional Aides (if applicable)

Ohio College Credit Plus

Ohio's new College Credit Plus can help a student earn college and high school credits at the same time by taking college courses from community colleges or universities. The purpose of this program is to promote rigorous academic pursuits and to provide a wide variety of options to college-ready students. Taking a college course from a public college or university College Credit Plus is free. That means no cost for tuition, books or fees. If you choose to attend a private college or university, you may have limited costs. If you are interested in the College Credit Plus please see the principal and reference the College Credit Plus Policy in the Board Policy Manual.

Credit Flexibility Plan

In compliance with Senate Bill 311, River Gate High School offers students opportunities to earn high school credit through a credit flexibility program. All students are eligible for consideration for credit flexibility. Students that are interested will initiate and submit a request in writing to take and/or earn the credit via the credit flexibility plan (CFP). Students can earn credits by:

- Completing coursework; or
- Testing out or demonstrating mastery on course content; or
- Pursuing one or more "educational options" such as distance learning, educational travel, internships, independent study, projects, or other available options.

Eligibility

To be eligible to submit and participate in the credit flexibility option, students must meet the following criteria:

- Students who enroll with less than four (4) academic core credits may participate in the CFP only after completing one full core academic credit.
- Currently enrolled students may participate in the CFP at any time.
- Students must attend with their parent(s)/guardian an informational session with the Credit Flexibility Committee (CFC) or designee from the CFC to discuss procedures, plans outcomes, and impacts of participation in the credit flexibility option.
- Students must submit a pre-approval form to the CFC by the designated deadlines.

Approval Process

To earn credit through the credit flexibility option, students must submit the following documentation to the CFC by April 1 in preparation for the following school year.

- 1-2 page written statement from the student summarizing the plan for their credit flexibility option and the likelihood of success. The plan should include the following:
 - Method of earning credit
 - Amount of credit sought (may request for only .25 credit, .50 credit, or 1 full credit towards a course)
 - Academic or elective discipline of study
 - Outside resources that will be involved in the completion of the credit
 - Timeline for completion
 - Teacher of record, who will monitor progress, attainment of knowledge, and awarding of grades
 - Learning outcomes, content standards (must be aligned to the Ohio Department of Education Content Standards)
 - Special accommodations to be provided for students with a disability in compliance with the student's Individual Education Plan (IEP) or 504 Plan

Credit Flexibility Committee

The Credit Flexibility Committee (CFC) will consist of the school principal and two teacher representatives in the relevant subject area.

Awarding of Credit

Credit and grades will be awarded based upon the completion of the credit flexibility plan approved by the CFC. It will be reported on the student transcripts and factored into a student's grade point average (GPA) and class ranking. All credit and grades earned are final.

All time lines regarding grade reporting must be adhered to pursuant to the school's

calendar of grades input requirements. This is to ensure that the staff will be able to appropriately schedule students into necessary courses and appropriately monitor progress.

- Credit and grade will be awarded to students who successfully complete all requirements laid out in the Credit Flexibility Approval Form
- Student grade will be determined by the teacher of record and based upon the student's attainment of knowledge as related to the Ohio Content Standards and course objective
- Students who do not complete their requested credit flexibility option by the designated deadline or completely fail to meet the requirements for adequate completion and/or knowledge attainment of the course, will not receive credit and a grade of "F" will be reported in the student's transcript and factored into their GPA. If this occurs, students may not submit to earn the same credit through the credit flexibility option.

Responsibility of Student and Parent(s)/Guardian

School Attendance – Students participating in the credit flexibility option will be required to attend school for the remainder of their course load. Each student assumes the responsibility to attend all classes. Regular attendance and punctuality are necessary for success.

Fees – The school will require parent(s)/guardians of a student participating in the credit flexibility option not initiated by the school to be responsible for any additional fees associated with participation in that option.

Academic Integrity – Credit flexibility options are the sole responsibility of the student. The student must complete all work and final products on his/her own. A student may accept support, feedback, and knowledge from outside sources to assist in the completion of the credit flexibility option, but the credit must be given to outside sources for contribution to the work.

A student deemed to be in violation of academic integrity guidelines will be notified of the complaint and informed of the need to be removed from the credit flexibility option. A student found to be in violation of academic integrity guidelines will receive no credit and a failing grade for the course. It will be reported on the transcript and factored into the GPA. The student will be denied participation in any future requests to participate in the credit flexibility option.

Appeals Process

Should a student and/or parent(s)/guardian disagree with a decision or action by the Credit Flexibility Committee or teacher of record, the student may submit a written appeal and may request a hearing.

Appeals must be formally written and submitted to the Credit Flexibility Committee. The Credit Flexibility Committee and a teacher representative not involved in the original approval and assessment of the student will review the appeal.

The student filing the written appeal and his/her parent(s)/guardian will be given an opportunity to present concerns and recommendations to the committee. The committee will review the appeals within 10 days from the date the written appeal was submitted. The decision of the committee may be appealed to the School Superintendent or the School's Board of Directors.

Communication Plan

Opportunities and requirements related to credit flexibility will be publicized annually. Copies of the publication describing opportunities and requirements related to credit flexibility will be made available to students, staff, parent(s)/guardian, and community members upon request to the school principal.

Students and parent(s)/guardians are informed that data regarding participation in credit flexibility options will be shared on an annual basis as required by the Ohio Department of Education.
